Sgt. At Arms, please provide 35 copies

Dear Intergovernmental Affairs Committee,

I am a mother, wife, homemaker, and businesswoman. I would like to be able to carry my handgun, concealed on my person, and in my car, when I have to go to my office, meet clients, or show property after dark. I would like to be able to have it with me when I return to my empty home (i.e. when my husband is not already there).

I appreciate very much the protection provided by HPD's fine officers, but I know they can't be there every minute for me.

Sincerely,

Mrs. Erin E. Cooper, RA
