Importance: High

Senator Ige,

I would like to encourage you to support Senate Bill 2531, the right to carry concealed weapons here in Hawaii.

Being in the middle of the Meth capital of the world and with property crimes on the rise, I would feel much safer knowing I can *legally* protect myself. Also, it has been proven over and over again that communities that are allowed to have guns in their homes have less crime because the perpetrator doesn't know if the home owner has weapons and he/she doesn't want to get hurt or killed so they are less willing to take the chance.

PLEASE SUPPORT PASSING SENATE BILL 2531, so Hawaii will be not only a *beautiful* place to live, but a *safer* one as well.

Mahalo,
