RE: SCR-141

Dear Sen. Kanno:

This letter is submitted to you in support of SCR-141, urging the City and County to maintain the current P-2 zoning in Royal Kunia for the 172 acre parcel of land designated for a future golf course. As residents of Royal Kunia, we value our open space and views, and we feel a change in zoning would take away the space we need in our community.

We urge you and your colleagues to support this measure, and hope the City Council will do the same.

Sincerely,

Handwritten signatures of David O'Neal, Katherine O'Neal, and Rosalie Barcelona.
