INSIDE OUT

As a resident of Aiea, I too am very concerned about the proposed Waimalu Heights Golf Course. Last month, the House of Representatives held a public hearing at the Newtown Recreation Center to discuss the golf course and other alternatives, such as the creation of the Waimalu Heights State Park.

There was a lot of community out, with many concerns about the proposed project. Our primary objective was to create an open forum for discussion, however, the developers chose not to participate.

I learned a lot about the community and its feeling toward this project that evening. I ask your assistance in completing the attached survey. Your input will play a key role as we work to resolve this issue.

The development of Waimalu Heights will forever change the nature of our community. I am committed to working with you to find a solution that we all can live with.

Waimalu Heights Golf Course Survey

- Where do you live? _____

- Please check the one statement that best describes your current position on the development of the Waimalu Heights Golf Course.
 - I am undecided and need more information.
 - I am strongly in favor of the proposal.
 - I have concerns but would support the project if traffic, water quality, and construction concerns could be satisfied.
 - I am strongly opposed to the proposal.
- In the event that the golf course is approved, please rank in order of importance, your concerns regarding the development (1 = most important, 5 = least important).
 - ___ Additional traffic
 - ___ Contamination of the water
 - ___ Creation of water reservoirs on the development
 - ___ Heavy machinery using the roads during construction
 - ___ Other _____
- Please rank, in order of preference, the alternatives for development at the site (1 = best alternative, 5 = least desirable).
 - ___ Multi-family housing
 - ___ Single-family homes
 - ___ Golf Course
 - ___ Passive park (hiking trails, etc. similar to Aiea Loop Trail)
 - ___ No development, leave as is
- In the event that the golf course is approved, please rank, in order of preference, potential community benefits (1 = most important, 6 = least important).
 - ___ Access to camping facilities and hiking trails included as part of the development
 - ___ Special memberships and designated tee times for community residents
 - ___ Access for community events (clubhouse dining and meeting facilities, junior golf program, community golf day).
 - ___ Contributions to schools
 - ___ Contributions to sports/athletic programs
 - ___ Improvements to community infrastructure and environment
 - ___ Other _____
