Aloha Friend,

We are so excited to share this news: **Governor Ige has received the endorsement of the Sierra Club of Hawai'i!** From putting Hawai'i on track to be carbon-neutral by 2045 to preserving Turtle Bay mauka lands to banning dangerous pesticides, **Governor Ige is committed to mālama honua** and is honored and humbled to receive the Sierra Club of Hawai'i's endorsement.

**Colin Yost, Sierra Club Hawai'i Chapter Chair, endorsed Governor Ige today:**

**"This election is crucial to our children's future** because the next ten years offer the last opportunity to prevent the worst of climate change from ravaging our island home. We need a dramatic shift in the way we produce our electricity, fuel our vehicles, feed our people, and run our economy if our children are going to enjoy a healthy, happy adulthood.

David Ige gets this and is fighting for it. His quiet, understated manner makes David an unlikely choice to lead a revolution. **But his leadership is so effective, his vision for the future so powerful, that he has become just that -- a revolutionary leader -- for Hawai'i and the world.**

David Ige is calmly confronting the instability and injustice of the Trump Administration and effectively standing up for what is right and fair for all of us. **He is objectively assessing the very real, very scary threats of climate change and methodically plotting a course to avoid them.**

**Thanks to David's leadership: we will be off fossil fuels ahead of schedule and our economy will soon capture more carbon than it emits.** Additionally, Governors throughout the U.S. are banding together as the U.S Climate Alliance to combat global warming despite the climate deniers in the Trump Administration.

**David Ige has become the World's "Climate Governor," and we stand with him in all that he does to make the world safer and healthier for all of our children."**

"It is truly an honor to receive an endorsement from the Sierra Club of Hawai'i. We should all aspire to their 20,000 members' hard work statewide to take care of our earth. The Sierra Club of Hawai'i has been a leader for 50 years in caring for our 'āina. **From restoring our rain forests to enhancing our water to minimizing CO2 emissions and preparing for climate change, I am committed to working with the Sierra Club of Hawai'i to protect and preserve our environment for future generations,**" said Governor David Ige.

Friend, it is so important that we sustain Hawai'i's beautiful and unique environment for our future generations. **We need four more years of Governor Ige's proven leadership on the environment.**

**Friend, will you contribute to our campaign today?**

If you've saved your payment information with ActBlue Express, your donation will go through immediately:

**\$100**

**\$50**

**\$25**

**\$10**

Or, donate another amount

Mahalo,

Team David Ige
