Aloha Friend --

Governor Ige signed an Executive Order ensuring internet providers within the state uphold net neutrality laws. This order protects the people of Hawai'i from excessive and unnecessary fees, limiting access to information and hindering the progress of the people of Hawai'i.

Credit: Hawai'i Public Radio

The end of Net Neutrality allows large corporations to determine the information we see and the rate at which we see it. Governor Ige prides himself on putting the people of Hawai'i first and protecting us from greedy and misguided corporations who put personal ambitions ahead of the people.

This isn't the first time the Governor has stood up for the people of Hawai'i, and it certainly won't be the last time. [Stand with Team Ige and help keep Hawai'i on the right track!](#)

Mahalo,
