Aloha Friend,

Governor Ige leads our state by doing the right things for the right reasons. Under his leadership, Hawai'i continues to set the example for gun violence prevention. We can trust Governor Ige to ensure that our people's safety takes precedence over politics. It is no surprise that [Hawaii Moms Demand Action](#) and Everytown for Gun Safety applauded the Governor for signing important legislation to protect the people of Hawai'i.

“Safety for our students and educators has always been a priority. Violence and the senseless use of guns attacking innocent children and educators is unacceptable and we have taken action to ensure that our classrooms and playgrounds are safe.”

Governor Ige's top priority is the safety and security of Hawai'i's people. That's why he directly challenged the NRA by signing bills to institute more rigorous FBI background checks, and alert law enforcement officials when dangerous criminals attempt to purchase guns. These preventative measures are actively saving lives.

The Governor recently announced plans to coordinate with the Department of Education and local law enforcement to improve safety plans and guarantee our educators have a safe environment to teach our keiki, and most importantly, so our parents can send their children to school without fear.

Team Ige stands in solidarity with those affected by the Parkland school shooting and the many other families who experience gun violence daily. Governor Ige will continue the fight for the safety and well-being of all the people of Hawai'i.

Mahalo,

Team David Ige
