"I am proud of the hard work that my administration and I have accomplished since I took office three and a half years ago. As Governor, I am responsible for all of State government. Sometimes the best decisions are not the most popular, but they are necessary to move our community forward. We have been focused on making decisions that have positively impacted Hawai'i and ensuring our accomplishments will last for decades."

Governor Ige

Aloha Friend,

Four years ago, no one ever thought our movement for change would be successful. Our campaign has faced many uphill battles, and we never expected this year to be different.

The pathway to victory is forging one relationship at a time. Team Ige has spent the last four years reaching out to friends, family, and colleagues about the amazing accomplishments Governor Ige has done for the people of Hawai'i.

Under Governor Ige's leadership, he has dramatically increased affordable housing, invested in our education system, established a stronger economy, and protected the environment. Additionally, tourism has thrived, and Hawai'i led the nation with responsible gun laws, healthcare, and equality.

Governor Ige has proven in all his years as an elected official, that he is not beholden to special interests or consumed with self-importance. It has always been about doing what's right for the people of Hawai'i.

Team Ige has always been proud of a being a grassroots campaign that believes in a leader who does the right things for the right reasons, and our Pathway to Victory will continue as Governor Ige continues to meet the people of Hawai'i and Team Ige shares his message and continued vision for us. **Will you join Team Ige today?**

Mahalo,

Team David Ige
