Trusted Leadership for Hawai'i

Aloha Friend --

Last week, I introduced a bill in the State Senate to increase funding to public school's athletic programs. Since the funds were cut six years ago, many schools have had to cut coaching positions, limit away games due to lack of transportation funds, and even begin charging their athletes to play.

I believe that participation in sports beneficially impacts many of our students' education experience, inside and outside of the classroom, not to mention physical fitness. Recognizing the positive influence of coaches and athletics gives us another way to invest in the next generation, and help our students succeed in the on and off the field.

We can work together to move Hawai'i forward. The first committee hearing will be this afternoon, with more to follow. Residents can submit testimony online to participate in the legislative process by [clicking here](#). I encourage all of you to share your story and tell the legislature why you believe that high school athletics are important for our state!

Mahalo,

Senator David Ige
