Aloha Friend,

Friend, we only have **one day left** to meet our August goal! **Please support Governor Ige today so he can continue to do the right things for the right reasons.** Governor Ige will always fight for the people of Hawai'i.

His record speaks for itself. During his term in office, Governor Ige has:

- **Taken real steps to protect our environment**, by signing first-in-the-nation legislation to require 100% of electricity generated in Hawaii come from renewable energy resources by 2045.
- **Worked to ensure the health of body and mind**, by dedicating funding and increased focus on mental health treatment.
- **Gave our keiki a head start** by expanding the Early College program so public high school students can earn college credits for free.
- **Fought for affordable housing options**, by allocating funding and working with private partners to create new options for our seniors and our homeless families.

Focusing on our health

Investing in our Keiki

***Governor Ige does the **right things**
for the **right reasons*****

These are some of the many examples that prove Governor Ige is simply the right choice for us. **Friend, will you help us meet our August goal?**
