Aloha Friend --

As a nurse, I see how Americans benefit from increased access to health care. My dad's lifelong commitment to quality health care influenced me to passionately care for others. **It is important to my dad and me that all people have access to the best care possible.** I strive to achieve that day-to-day in my career, and my dad proves time and time again that he does too.

Since being elected, my dad has taken measures to make Hawai'i one of the healthiest states in the country by striving to provide quality health care that is affordable to all.

Throughout my career, I have seen many struggles to provide care for aging loved ones. **That is why I am particularly proud of my Dad for supporting the Kupuna Caregivers program**—the first in the nation to provide much-needed financial assistance to help cover the day-to-day costs of caring for our kūpuna.

Every day I work directly with patients, and **I am proud to know that my dad is working to create effective healthcare policies for the people of Hawai'i.**

"I am proud to know my dad is
working to create effective
healthcare policies for the people
of Hawai'i."
